

Merit Silicon Carbide PowerFlex Flap Discs

For Concrete, Fiberglass and Other Nonferrous Materials

Versatility and Value

With their sharp silicon grain, smooth cotton flaps, and durable fiberglass back, Merit silicon carbide flap discs make quick work of nonferrous applications.

*Blending
Cleaning
Finishing*

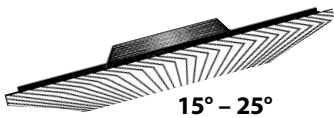

Features

- Silicon carbide abrasive
- Type 29 conical, cotton flaps
- Durable, fiberglass plate
- Competitive prices

Benefits

- Sharp cut, excellent for finishing concrete, stone, fiberglass and other nonferrous materials (brass, bronze, aluminum, etc.)
- Excellent for both blending and finishing
- High strength, lightweight, absorbs vibration
- Ideal for end-users unable to measure performance

Tip

For comparable finish, use one grit coarser than resin fiber discs.
